Brad Stevens called the meeting to order at 09:05a.m.

MINUTES
The July 19, 2007 board meeting minutes were presented for approval. David Kingery made a motion to approve the minutes as written. The motion was seconded by Frank Rydalch and all members voted in favor.

SUPERVISION:

F. David Stanley at the July board meeting discussed the topic of supervision for the various licensed professions the division regulates to see if it was possible to standardize the various definitions of supervision. Stevens in the July meeting asked the board members to review the various or global definitions as presented by Stanley and be prepared to address the issue at their August meeting. Dirk Burton made a motion to accept the global definitions of supervision as written and presented by Stanley. The motion was seconded by Kingery and all members voted in favor.

**MULTI-STATE CONFERENCE
REPORT**

Stevens and Dennis Meservy attended the multi-state conference in Helena, Montana that was held on August 6th and 7th. According to Stevens, Texas and Idaho at this conference were not voted into the group. The issue with Idaho involved their education/apprenticeship requirements and resulted in a lively discussion. Washington State is apposed to Idaho reentering the group and admittance requires all states to be in agreement. The electrical board decided to monitor the multi-state group in the future to see if it warranted staying in the group. It was also mentioned that Idaho was interested in the competency testing that was being administered by the Utah apprenticeship schools.

**CONTINUING EDUCATION
UNITS:**

Stevens at the last meeting asked the board members to go online and review the internet course for ElectricalCEU.com. Burton said he looked at the course and the course material lacked substance. The course consisted of test questions that the individual answered. Kingery stated there was some reading and referrals to the code book. Kingery made a motion to not approve the ElectricalCEU.com continuing education course due to the lack of course material. Burton seconded the motion and all members voted in favor. Katie Tris will contact Doug Burton with ElectricalCEU.com and inform him of the board's decision.

**REVIEW TEST SCORES
FROM THOMSON PROMETRIC**

Tris stated she had not received the test scores from Thomson Prometric the testing provider for the state. Jeff Barber with Thomson informed her there was a computer program. Tris said she would try to have the test scores available for the board at their September meeting.

APPLICATION REVIEW:

Board reviewed out of state applications.

All business concluded, meeting adjourned.

Note: This report is not intended to be a verbatim transcript, but is intended to record the significant features of what was discussed in the meeting. Discussed items are not necessarily arranged in chronological order.
